

Please support our Village of Oak Brook Restaurants

Governor Pritzker's order suspending dine-in operations was a necessary step to limit physical interactions so that the spread of COVID-19 could be slowed. The Village has worked closely with Oak Brook restaurants and bars to facilitate their ability to provide carry-out and delivery service.

You can support our restaurants by ordering online or by phone, as many will be offering carry-out, pick-up, curbside pick-up, delivery or delivery service options. There's a restaurant to satisfy every palate in Oak Brook, from unique, locally-owned cafes to established chains. Our Village is host to eateries that offer everything from familiar American fare to exotic cuisine from around the world.

In alphabetical order as of March 27th -- We have provided the restaurant list below and links to their website or on-line menus. Many restaurants utilize delivery services (i.e. Doordash, Grubhub, UberEats), please check their phone apps as well.
